COUNTRY LIFE

C F G
I like to rise when the sun she rises
C F G
Early in the morning
C F G
I like to hear them small birds singing
C F G
Merrily upon their lay-land
C F G
And hurrah for the life of a country kid
C G C G
And to ramble in the new mown hay

C F G
In the Spring we sow, in the harvest mow
C F G
And that's how the seasons around they go
C F G
But of all the times if choose I may
C G C G
It's to ramble in the new mown hay

In the Winter when the sky is gray
We edge and ditch our lives away
In the Summer when the sun shines gay
We go ramble in the new mown hay
